

Unraveling the Boardian Knot: Principles of Effective Governance Cohort 2

A virtual, certificated program for senior staff professionals of Jewish communal organizations

About the Program

As a nonprofit professional, you manage relationships with a wide range of stakeholders—staff, funders, constituents, partners, and more. We here at Boardified know that a strong board-staff relationship is critical to organizational success. That's where Unraveling the Boardian Knot comes in.

Designed for senior staff professionals of Jewish communal organizations, this program provides you with the time and safe space to focus on building a better board. You will learn the principles of healthy governance, apply best practices in board engagement and fundraising, and discover frameworks to deepen partnerships with your board members. Our customized curriculum is delivered by Kellogg School Center for Nonprofit Management faculty and practitioners in the field.
